**General Information**

|                          |                                                                                                                                |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Primary antibodies                                                                                                             |
| <b>Short Description</b> | Rat monoclonal antibody anti-Macrophage mannose receptor 1 is suitable for use in IConfocal MicroscopyC research applications. |
| <b>Application</b>       | ICFC                                                                                                                           |
| <b>Host/Source</b>       | Rat                                                                                                                            |
| <b>Reactivity</b>        | Mouse                                                                                                                          |

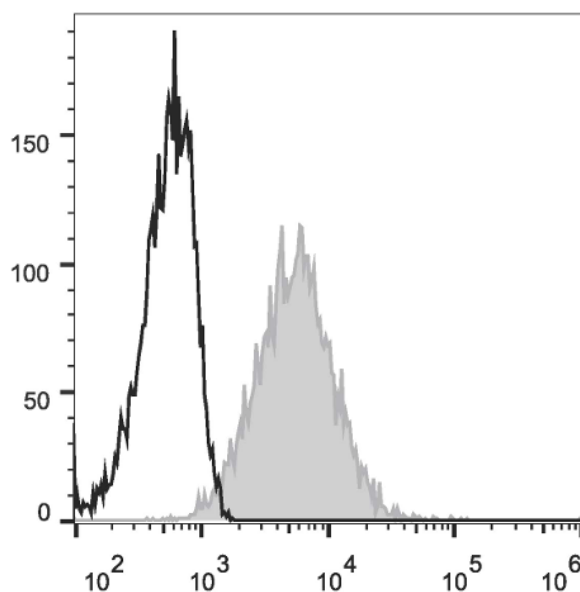

**Product Properties**

|                            |                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Clonality</b>           | Monoclonal                                                                                                      |
| <b>Clone ID</b>            | C068C2                                                                                                          |
| <b>Concentration</b>       |                                                                                                                 |
| <b>Conjugation</b>         | PE/Cyanine7                                                                                                     |
| <b>Purification</b>        |                                                                                                                 |
| <b>Dilution Range</b>      |                                                                                                                 |
| <b>Formulation</b>         | PBS with 0.05% Proclin300, 1% BSA .                                                                             |
| <b>Isotype</b>             | IgG2ak                                                                                                          |
| <b>Storage Instruction</b> | Recommend storing between 8-8°C and protecting from prolonged exposure to light.<br>Do not freeze this product. |

**Target Information**
